

God bless Warren County, God bless Hamilton County, and Butler County, and God bless President Trump. And never knew I'd be saying this, but God Bless Kanye West. Wasn't that something?

By the way, do you know how many liberals/progressives it takes to screw in a light bulb? None, they prefer to stay in the dark.

I'm Congressman Steve Chabot; And as you probably know, the LEFT is trying to defeat me and put a liberal in this seat – one who instead of supporting President Trump and common sense conservative principals would support Nancy Pelosi point of view.

Are we going to let that happen? No, no we're not.

I really think this is the most important midterm election that I've seen in my life. And it really comes down to this – results versus resistance.

Under President Trump and a Republican Congress we've seen positive results for our country – cutting your taxes and getting rid of burdensome regulations, that's resulted in over 4% economic growth (Obama had said one and half percent was the new norm) and that means that Americans are working again, so there's historically low unemployment. The democrats fought us every step of the way.

But Nancy Pelosi, and Chuck Schumer, and my opponent, Aftab Pureval, they stand with the resistance. We cut taxes – they want higher taxes. They think 'Obamacare' is good enough for the American people- we think that the American people deserve better. And as you probably know, I've fought to protect to innocent unborn life for many years, including authoring the most significant pro-life legation since Roe v. Wade, the ban on partial birth abortion. My opponent, Aftab Pureval, says the head of Planned Parenthood, is his personal hero. And the abortionistwho popularized the horrific partial birth abortion method, Martin Haskell, gave my opponent the maximum contribution allowed under federal law, and Pureval accepted it. Talk about blood money, literally.

Results vs. resistance. Results like defeating ISIS, appointing highly qualified people to our federal courts, especially the supreme court, making sure our NATO allies are pulling their own weight, and American taxpayers are no long being taken advantage of.

The resistance – Maxine Waters urging the mobs to terrorize Cabinet officials – and their families. Elizabeth Warren (President Trump has another nickname for her) saying she wants to go back to the good ole' days when the IRS could take over 50% of what you earned. And, former Attorney General Eric Holder, just yesterday urging the left-wing mobs to KICK their opposition (that's you) And they have the audacity to claim that they want civility?

Let me conclude, by making one request – **VOTE**. And get every family member and right-minded person you know to do the same. (Now, if you happen to have some liberals in your family, tell them they've moved the election this year to December - just kidding.)

To make **SURE** you vote, consider voting absentee, or better yet, you can go to your local board of elections, and vote there between now and election day. Here in Warren County the Board of Elections is at 520 Justice Drive and they're open from 8AM to 4:30pm. And in Hamilton County, the Board of Elections is in Norwood, just off of the Lateral, at 4700 Smith Road, and they're open 8AM to 5PM.

Again God Bless you all, God Bless your families, God Bless President Trump and his wonderful family, and God Bless America!
